

Milo & Nami: A Party Full of Discoveries

Halloween Special • Color and Play

This book belongs to: _____

A Playful Wind

Milo and Nami were getting ready for a Halloween party. Whoosh! A playful wind blew the decorations all over the yard.

Milo: "Let's look for them together!"

Nami: "So much to discover!"

Color the yard any way you like.

For the grown-up playing along: read the prompts aloud and give your child time to explore. They can point, gesture, talk, or use their own way of communicating. Go one page at a time, let them ask for help when they need it, and let them pick their own colors. The conversation prompts are optional.

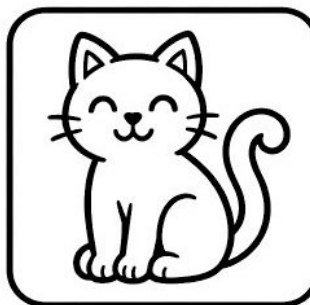

Where Did the Decorations Go?

Milo: "Look! The decorations are hiding around here!"

Nami: "Which one did you find first?"

Find the four decorations shown at the bottom. Then color the ones you found.

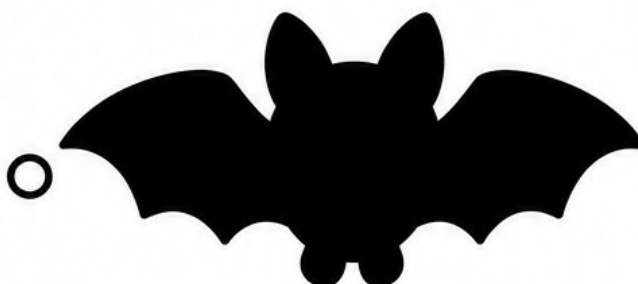

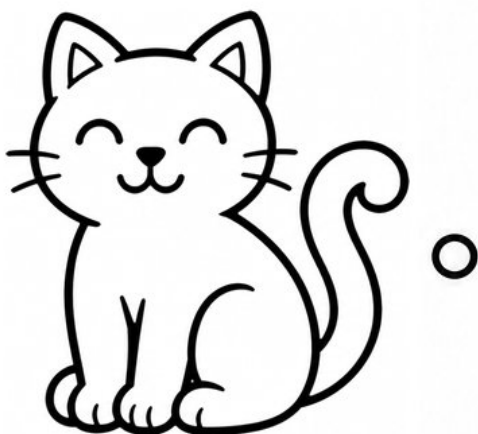

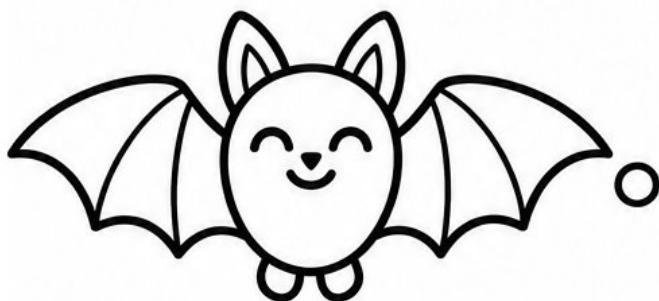

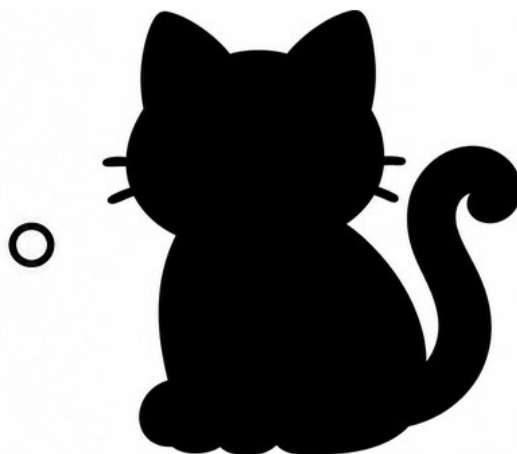

Whose Shadow Is This?

Nami: "A pumpkin, a bat, and a cat!"

Milo: "Let's take a really close look!"

Draw a line from each decoration to its shadow.

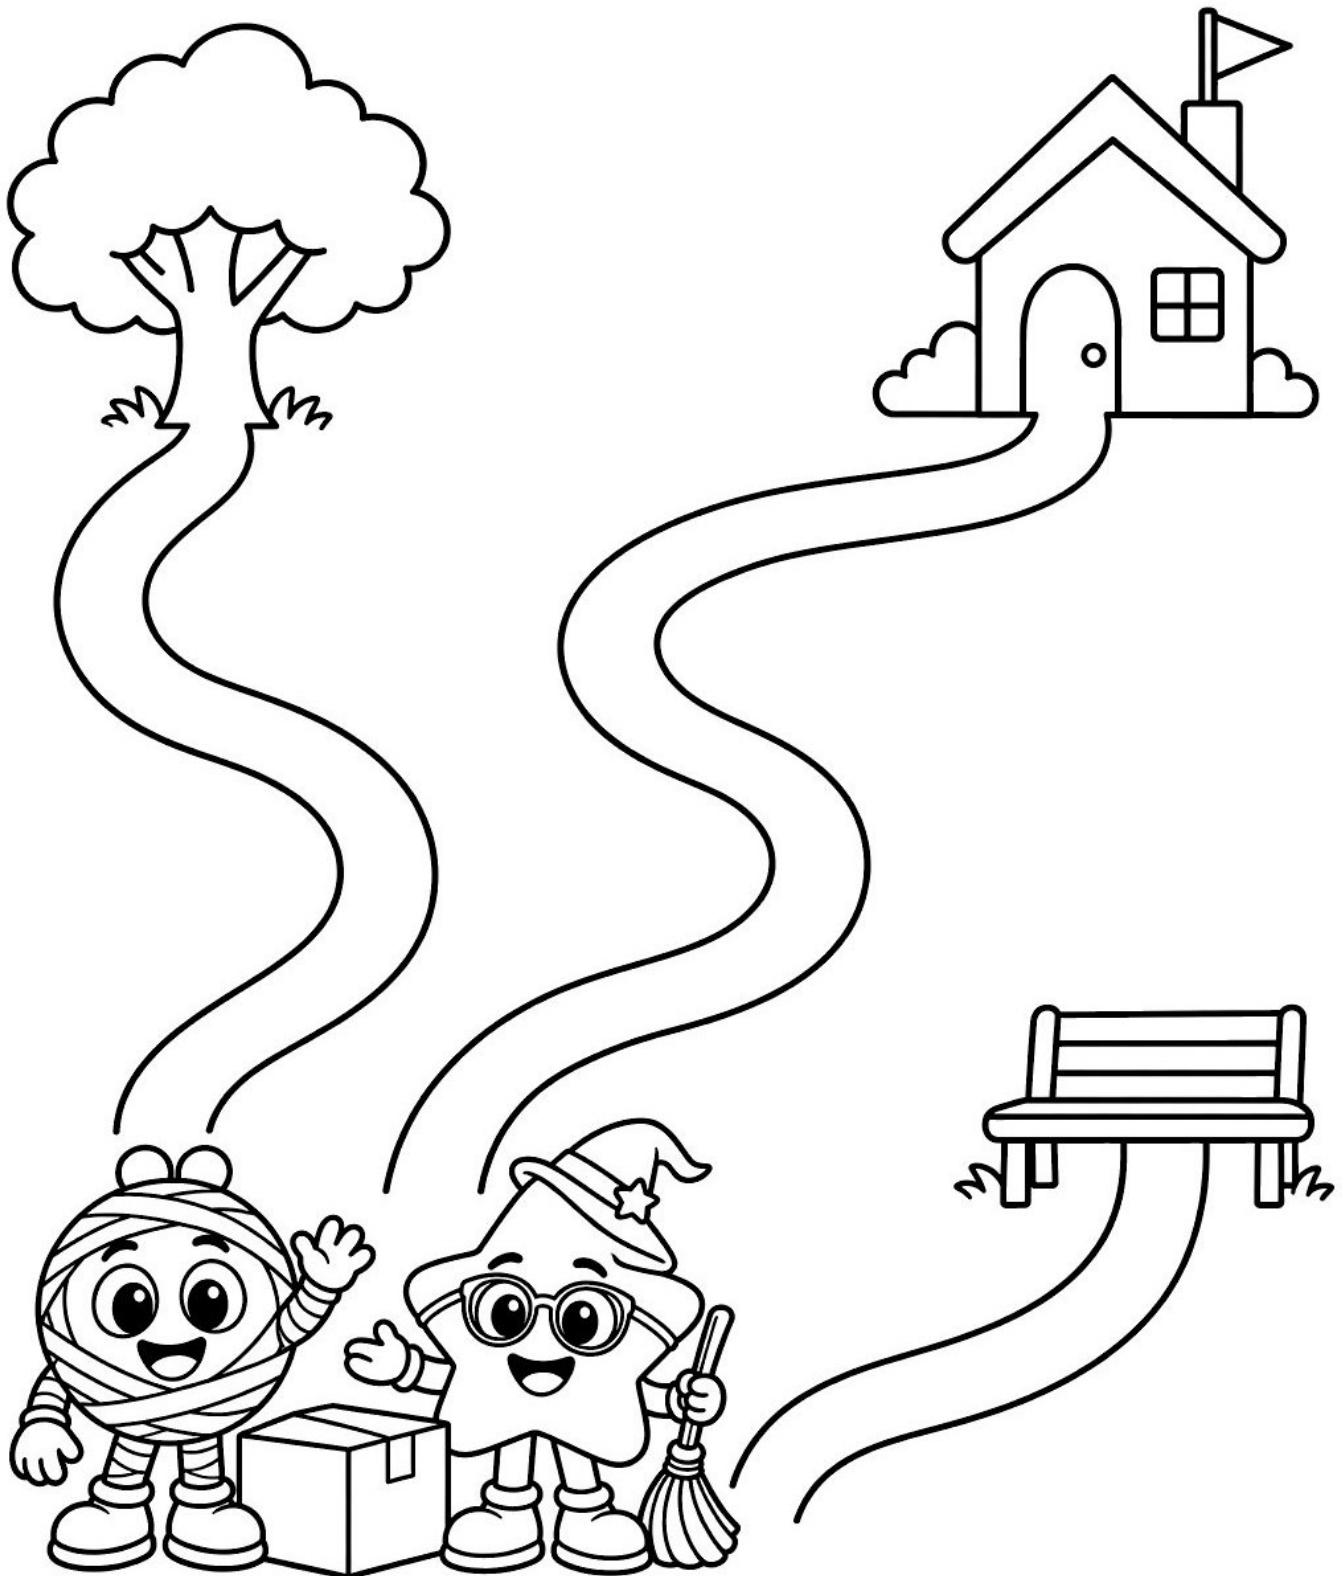

The Way to the Party

Milo: "We found the decorations! Let's carry the box!"

Nami: "There it is!"

Trace the path that leads to the party house.

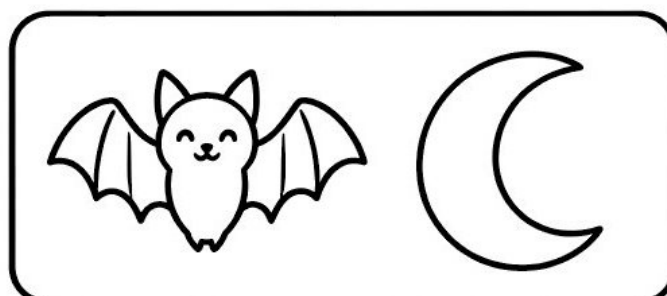

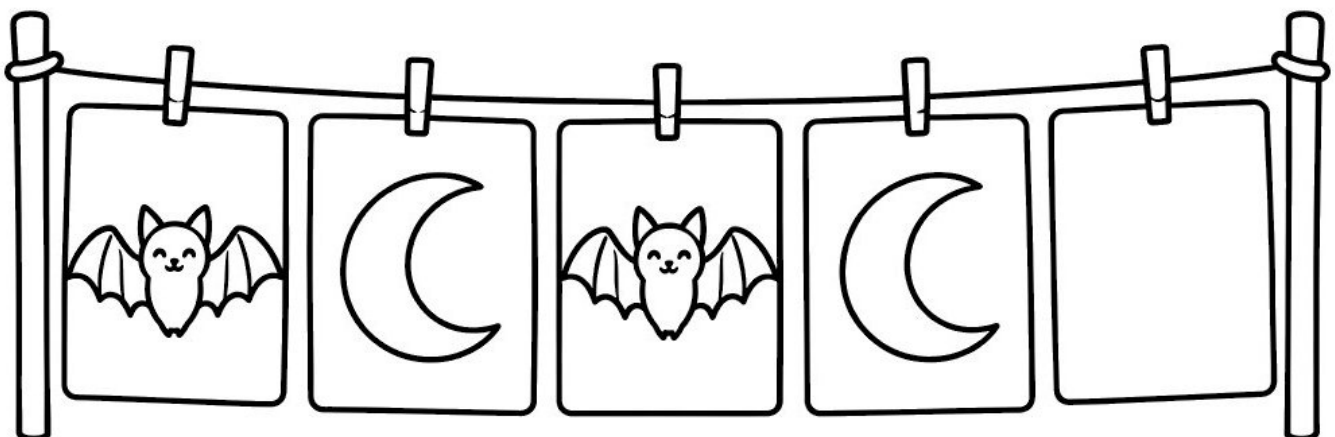

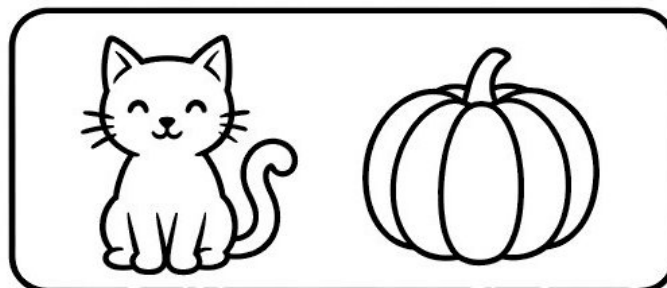

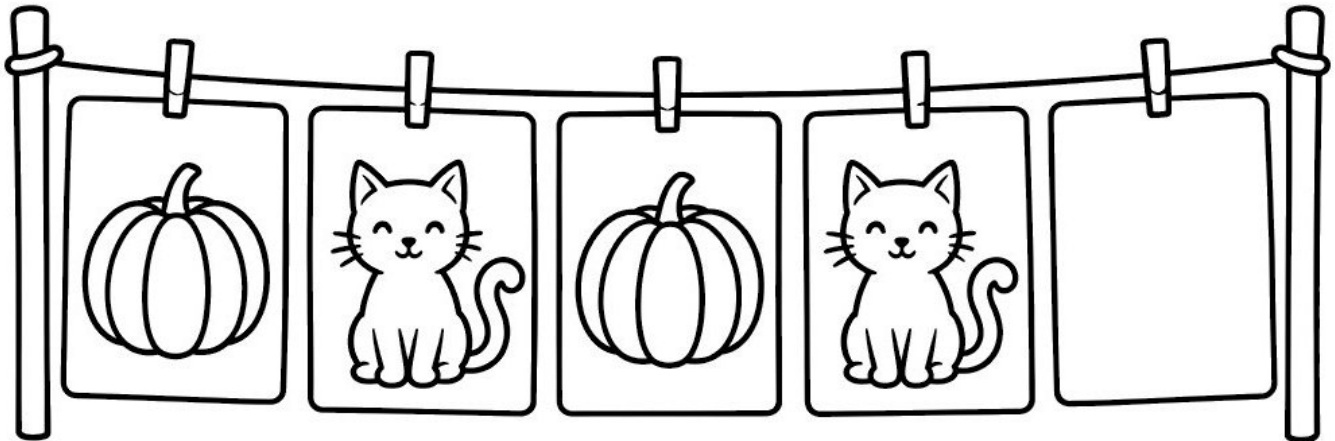

Decorations on the Line

Milo: "Let's hang the decorations together!"

Nami: "Oh! The pattern keeps repeating!"

Look at each line. Circle the decoration that goes on the empty card.

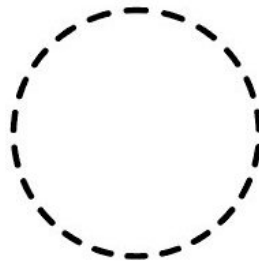

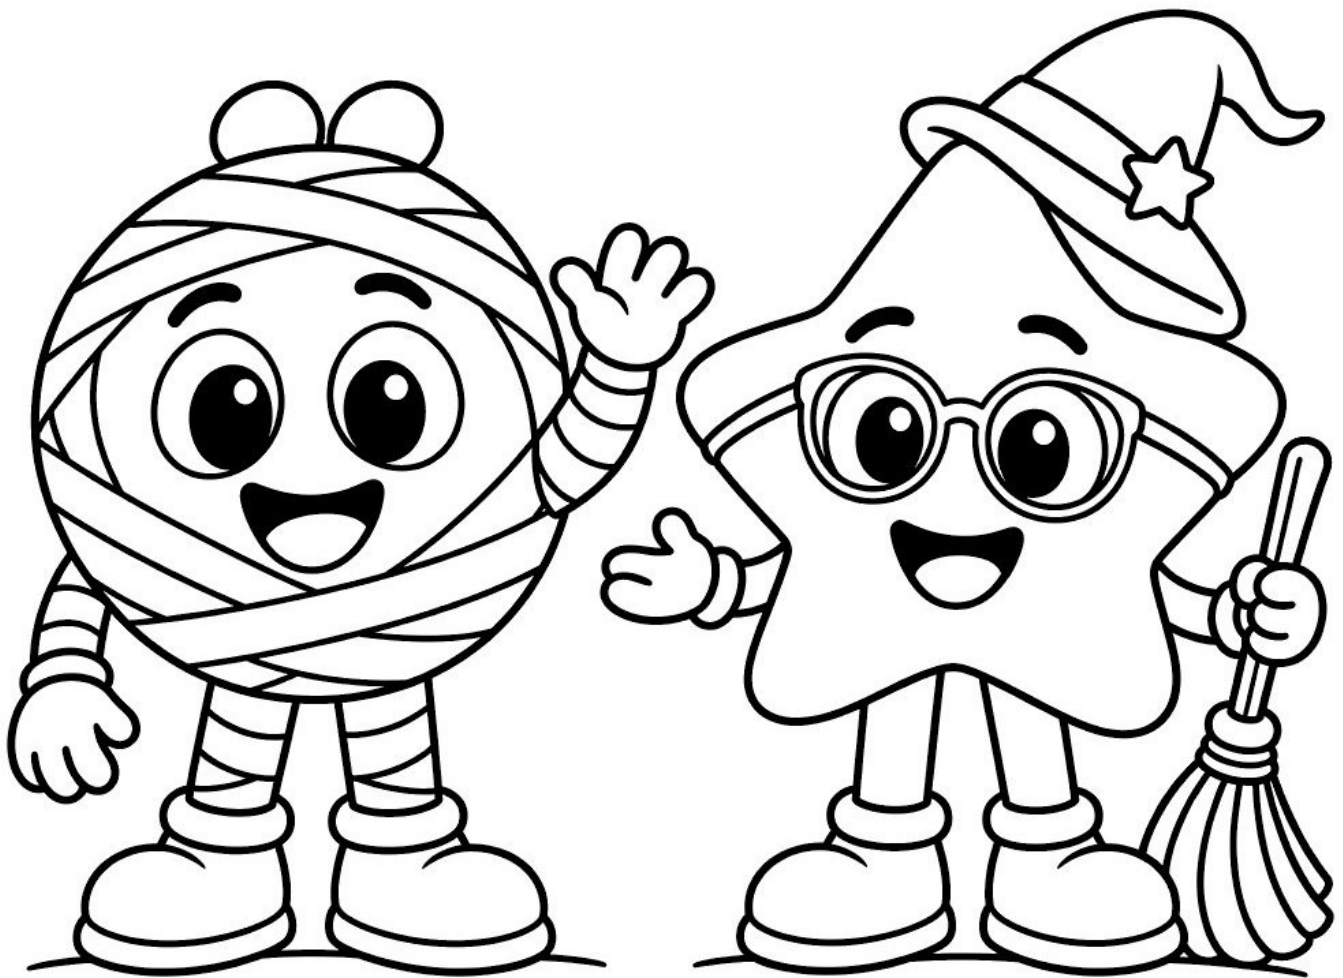

Our Very Own Costumes

Milo: "The party's all set! Now for our costumes!"

Nami: "I picked a witch hat! What costume would you pick?"

Color the costumes any way you like.

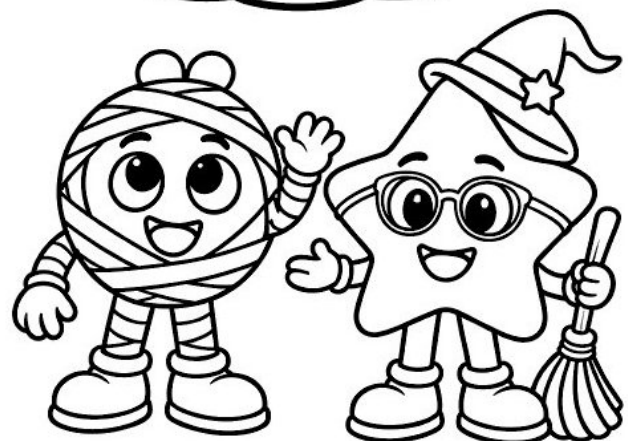

Pumpkin Faces

Nami: "Look at all these different faces!"

Milo: "What kind of face will your pumpkin have?"

Color the pumpkins. Then draw a face on the empty pumpkin.

One Special Guest Is Missing

Milo: "Almost everything is ready... but someone's missing!"

Nami: "It's you!"

Draw yourself in your costume, coming through the party door.

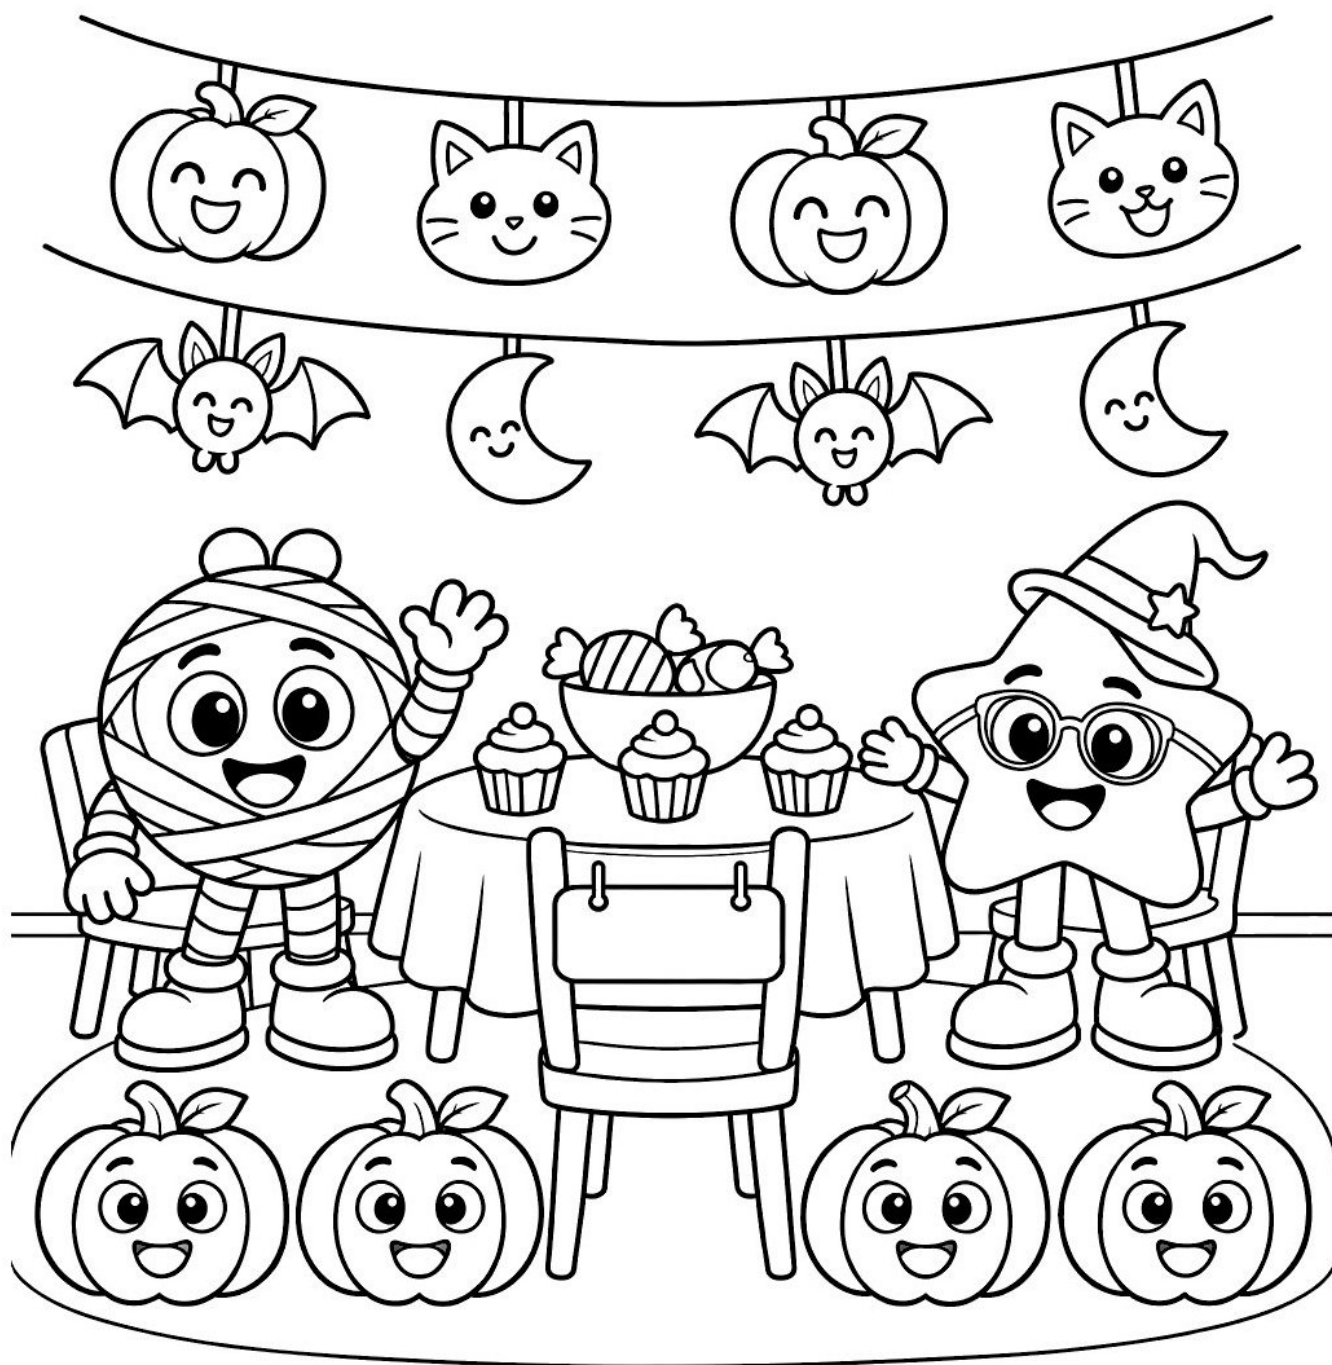

Our Party Is Ready

Milo: "We got everything ready together!"

Nami: "We found decorations, picked costumes, and made discoveries!"

Now the party is yours too. Color it to celebrate! What was your favorite part?
